Subject: Communication and Classroom Parent Registration

Dear Parents and Guardians:

As we approach the first day of school, I want to remind you that Classroom Parent will be the primary method of communication from teachers and administrators to parent. For this reason, it is critical that you enroll in Classroom Parent so that you receive all messages and information from the school.

Below are the links that you will need to create a Classroom Parent account:

- The link for Classroom Parent is <https://tjems.classroomparent.com/> If you have not set up a Classroom Parent account, click on the "Register" tab in the upper right corner of the Classroom Parent page and complete the registration form.
- If you need additional assistance with Classroom Parent, contact a Classroom Parent administrator at <https://tjems.classroomparent.com/contact/new>

Again, I urge all parents and guardians to enroll in Classroom Parent to receive school communication.

Sincerely,
James Dendinger
Principal
